BIG DATA DEVELOPMENT

ACADGILD

Session 3: HDFS

Assignment 1

Session 3: Assignment 1

Table of Contents

1. Introduction

This assignment will help you consolidate the concepts learnt in the session.

2. Problem Statement

- Check whether the /user/acadgild/hadoop directory exists in the HDFS root directory.
- If the above directory doesn't exist, then create the directory and the sub-directories with the same name in the HDFS root directory path.
- Share the screenshot of the commands used with the output.

3. Output
N/A
